Sahar Hodaky-Andrade
Business Development & Event Director
Astra Corporate Management

Dear Sahar:

This is to extend our personal thanks to you and to your team at Astra for all your support and assistance during our president "Isdell Neville" visit to Cairo, Sharm El Sheikh and Luxor to promote Coca-Cola Corporate Culture in Egypt.

The way you handled all the media coverage and all the permits and communications with the different public authorities and offices are remarkable and made our mission so much easier. Your press releases were very well timed and the media coverage received as well as your "Culture Diversity" educative seminars were a great part of this success.

Your personal assistance and dedication to our team at all times was highly visible and much appreciated by all. We now leave with only thanks and good wishes to you and your tea.

Sincerely,

Christine Knight
